

Ballard Community Center partners with families to achieve stability through early childhood education and needs-based services.

Adopt-A-Family Tips

To assure the safety of the children in our Early Childhood Education program, we had families sign up on-line and volunteers from the *National Charity League* graciously donated their time to conduct intake on the phone for families without access to the internet.

Your family's information sheet should have included a wish list for each child in the family you are matched to, the age, sex, and specific holiday gift requests. If clothing is requested, the size will be included. If you are unable to connect directly with your family to clarify gifts, please reach out to Kyle Kyle@ballardcenter.org for assistance.

- To assist us in stretching our donor base and assure that no child goes without gifts, **only 1 adult in each family will be receiving gifts.**
- Due to Health Department regulations, only students and staff are allowed to enter Ballard, limiting the number of anonymous matches we are able to accommodate to our student's families. Because of this we will be **connecting the donors directly to the families** to coordinate dropping off gifts & will have suggestions for keeping everyone socially distant and safe.
- You may also find information on the family you adopt. Each family that comes to Ballard has a story of what led them to ask for help and we'd like to share it with you.
- If you are having problems finding the perfect gift for children, we have partnered with The Toy Store at 936 Mass Street who has a separate rack just for Ballard to make your shopping easy! Ballard's therapist has collaborated with The Toy Store staff to identify educational & therapeutic toys to help the kids be the best they can be.
- If you are uncomfortable shopping in stores or unable to find a specific gift, **gift certificates are very much appreciated.**
- Many donors include a gift certificate to a local grocery store so that families can purchase a Christmas meal.
- It is helpful if a gift receipt is included for easy exchange of the gift if needed. To assure receipts and gift certificates are not misplaced in the excitement of opening gifts, place them together in a separate envelope or box and clearly mark the box "for mom or dad".
